

# Report

Name: Cloud and API deployment

Internship Batch: LISUM04

Submission date: 11.22.2021

Data intake by: Ugur Selim Ozen

Submitted to: <https://github.com/UGURSELIMOZEN/MerchandiseStoreAnalyticsDashboard>

## **Each Step of Deployment Process:**

1. I used following guideline's steps to deploy my Google Cloud Platform API integrated Streamlit web app using Heroku.
